John F. FELLER, MD

Medical Director, Desert Medical Imaging
Indian Wells, CA, USA

PROGRAM HIGHLIGHTS

This course brings together a faculty of experienced lecturers noted for their expertise in central nervous system, musculoskeletal, head and neck, and body imaging.

The intensive four day course of instruction focuses on current clinical applications and incorporates the latest technical advances.

Ample time is provided for question and answer periods as well as an informal exchange of ideas and experiences with faculty members.

**What if you could do up to
30% more exams per day?**

MAGNETOM Skyra. It's redefining 3T productivity.

With the first 70 cm Tim®+Dot™ system you benefit from Tim's (Total imaging matrix) flexibility, accuracy, and speed now at the 4G level – unlocking imaging power like never before. Combined with the world's first Dot (Day optimizing through-put) engine, the power of Tim is multiplied to make precise scanning, perfectly easy. Together in MAGNETOM Skyra, they deliver a new level of efficiency and care for up to 30% increase in 3T productivity. It will literally transform the way you work with MRI. www.siemens.com/Skyra

Answers for life.
